

Staying in the Smugglers House

Staying in this smugglers house is a pleasure indeed. While the outside has been completely reinstated to it's original facade, the inside has been reinvented to embrace modern living, while keeping the old world charm and atmosphere of this historic building. Look for ships masts among the roof beams.

We have 1 three bedroom apartment (which sleeps up to 8) and 2 two bedroom apartments (which sleep up to 6 each) and 1 one bedroom apartment (which sleeps up to 4) all with stunning views. All with Heating for a cosy winter break.

Unlike staying in a Beach Hut each light and airy apartment has a modern equipped kitchen, complete with Fridge, Freezer, Microwave, Toaster & full size cooker.

Lounge with TV & Freeview (30 channels), DVD player & Radio/CD player.

Bathrooms have WC, Basin, Bath & Shower.

We have our own picnic area with barbecue available. There are washing and drying facilities available exclusively for the Black house guests.
